tinue to maintain a very friendly relationship. The opportunity for clandestine affairs between the two is decreased and they seldom occur, but the joking relationship continues. They frequently visit one another either for purely social or for economic reasons. A *brother* participates in many of the work bees called by his *sister's* husband, and a *sister* often helps her *brother's* wife in gardening.[44] The warm feeling a man has toward his *sister* generalizes to her children. He is especially kind to them and gives them whatever they wish; he treats them, indeed, as a "good father." He is repaid for his kindness by a gift of shell money from the children at the time of the age-grade ceremony. The kinship system arranges relatives in such a way that a man's father's *sister's* child falls in the same relationship to him as does his own *sister's* child. When his father dies, therefore, a man inherits the responsibility of playing the "good father" to his paternal cross cousins.

A man continues during adulthood the special relationship toward his mother's brother, the reciprocal of the one described above. He is still privileged to help himself from his gardens and sago plots and in return is obligated to pay him the specified amount of shell money. When his mother's *brother* dies, he carries on the relationship with the mother's *brother's* son, whom he addresses by the same term, *maternal uncle*.

A man does not have a very close relationship with his *mother's sister*. She neither lives in his hamlet nor in his mother's hamlet, but with her husband.[45] For this reason he does not come in contact with her either at home, or when he visits his *mother's brother*. Thus a man's behavior toward the *sisters* of his mother approximates that toward a nonrelative.

[44] If a man is injured while helping his *sister* or her husband, he receives compensation in the form of shell money. No compensation is paid if a man is injured while helping his *brother*, however, since it is believed that they are working with a common purpose. A *sister* is probably similarly compensated if she is hurt while helping a *brother*, although I do not have specific information on this point.

[45] If, by chance, she marries into the hamlet, she becomes his *paternal uncle's* wife and he treats her as such.
